

MOBBED BY STRIKERS.

An Aged Operator Badly Beaten in the Streets.

CINCINNATI, Aug. 16.—Mr. Henry Schwab, an old operator, who, before the strike, had charge of a branch office for the Western Union at 21 West Second street, and who was among the strikers until a few days ago, when he returned to his desk at the main office of that company, was met by an excited mob of striking operators about 7:30 a. m.

The men were armed with clubs, stones, etc. When Schwab, who is an old gentleman, refused to stop, they assailed him in a shameful manner. The fracas occurred on Fourth street, just west of Vine, and in trying to run away from the infuriated mob he fell and dislocated his shoulder. He was pretty badly bruised up, and will be laid up for several days. He sent his wife down to headquarters to report the matter to Mr. Page, who promises to make it warm for the culprits. Schwab recognized a number of the waylayers, and gave their names to the company, but they refused to let the press have them until steps are taken toward the arrest of the offenders. When asked in regard to the assault, the strikers deny all knowledge of the affair and say: "It is all bosh, don't you believe it." The officials of the W. U. were unable to give the address of Mr. Schwab.

"LIVING CURIOSITIES."

Show People Organize Against Their Demands.

PITTSBURGH, Aug. 13.—A meeting of the managers of museums throughout the United States was held in this city for the purpose of forming a combination that will give them control of the movements and salaries of all the living curiosities in the country. Managers were here from Cincinnati, Chicago, Milwaukee, Brooklyn and Philadelphia, and other cities were represented by letter. The managers are a unit on this idea of organization, and entered into the scheme harmoniously and heartily. The result will be that attractions will have to accept whatever salaries the combination will agree to pay them otherwise their charms will remain hidden from the public gaze. The managers are of the opinion that living curiosities have been getting too much of their money, and this federation is really a strike on the part of capital against skeletons, fat women, two-headed girls, armless and legless creatures, midgits, giants, gorillas, Zulus and such like.

JUDGE JERE BLACK.

He is Much Worse With Grave Doubts of the Result.

WASHINGTON, Aug. 16.—Dr. Garnett, of this city, who is Judge Black's physician, returned from his visit to the Judge at York, Pa. He since received three telegrams in quick succession, notifying him of a change in Judge Black's condition, and requesting his immediate presence. He left at once for York.
